**PANELIST, Energy Transition WEBINAR #4**

Data Management & Analytics for Carbon Accounting and Reporting

Bill Lawrence
Chief Delivery Officer for ITEGRITI Corporation

Bill is the Chief Delivery Officer for ITEGRITI Corporation in Houston, Texas. ITEGRITI offers a wide range of cybersecurity and compliance consulting services for critical infrastructure, specializing in the Electricity, Oil & Gas, and Healthcare sectors. He is responsible for the efficient and successful delivery of all ITEGRITI services.

Bill was the Chief Information Security Officer at SecurityGate, where he led the way to the company's first SOC 2 Type 2 attestation and through multiple comprehensive penetration tests. Among other responsibilities, he led the security operations and IT management teams, as well as oversaw vulnerability management and incident response program activities.

Previously, at the North American Electric Reliability Corporation, Bill held several senior leadership roles, including vice president and chief security officer, where he was responsible for the oversight of the Electricity Information Sharing and Analysis Center (E-ISAC) and for directing security risk assessment and mitigation initiatives to protect critical electricity infrastructure across North America. He also led coordination efforts with government agencies and stakeholders on cyber and physical security matters, including analysis, response, and sharing of critical sector information.

Bill had a distinguished career in the U.S. Navy where he served as a pilot of F-14B Tomcats and F/A-18F Super Hornets, flying from aircraft carriers on three deployments to the Mediterranean and Persian Gulf. He also served as the deputy director in the Character Development and Training Division at the U.S. Naval Academy, where he taught courses in Ethics and Cyber Security. In 2012, after over 20 years of faithful service, Commander Lawrence honorably retired from the U.S. Navy. His awards include a Meritorious Service Medal, four Air Medals, three Navy Commendation Medals, and various unit and campaign awards.

Bill has a bachelor's degree in computer science from the U.S. Naval Academy, a master's degree in International Relations from Auburn Montgomery, and a master's degree in Military Operational Art and Science from the Air Command and Staff College. He also has a Project Management Professional certification and several cyber security certifications, including a Certified Information System Security Professional certification.
